

product technical sheet

collection	TAPE STORAGE
code	EVTPK200AN - EVTPK200AG
description	Organizer system with: band 2 meters long for door, double hook, two baskets small double, one basket large. Color black or ice grey.
certifications	TUV system certification UNI EN ISO 9001.
features	Tape Storage for door is made of a main band in polypropylene 2,2 m long with a structure made of loops 50 mm long each one, and a secondary band with buckle to strain the product. In the loops it is possible to insert the following accessories at the desired height: a double hook, two basket small double that measure 150 x 300 x 46 mm each one and a basket large that measure 360 x 300 x 46 mm. The length is adjustable up to a maximum of 220 cm in height. Doors have to be without frames, jambs, profile or edges. The thickness of the door has to be 44 mm maximum, both in upper and lower part.
size	2200 x 300 x 100 mm
installation	Insert the accessories in the main band, install the bands in the corresponding hooks and block them with the wood cylinder. Install the product on the opening side of the door, by inserting slowly the hooks, pulling the main band in order to strain it. Attach the remaining side on the strap.
finishes	EVTPK200AN: grey band; basket black color; mat black hooks. EVTPK200AG: grey band; basket ice grey color; mat black hooks.
maintenance	Clean the fabrics with neutral soap at a maximum temperature of 30°C. Do not iron, do not dry clean, do not tumble dry. Clean metallic parts with water and soap. Do not scratch the paint. Do not use aggressive products, abrasive, corrosive, acids, acetone or diluent, etc. Check periodically the correct fixation and the solidity of the installation. Do not use the product for purposes other than those intended.
materials	Wall brackets made of steel, polypropylene band, band stop in beechwood, brackets for accessories in aluminium, basket in PVC and PES, stop for baskets made of strap, hook made of aluminium and buckle in steel.
